Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error(s) in Col. 6, after inspection of the application, it is revealed that the lines are printed in accordance with the record. Therefore, being no fault of the Patent and Trademark Office, no correction(s) is/are in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323).

In view of the foregoing, your request in this matter is hereby denied.

A certificate will issue for the remaining error(s) in your request.

For further consideration, submit a Reconsideration Request for Certificate of Correction, along with the appropriate \$100.00 fee.

Note: This is a general hint, which may decrease the processing time of your request:

Catificate of Concettons are issued to correct enors of minor nature, i.e. (prographical, spelling or grammar enors, errors not considered "critical information"; which are correctable under the provisions of 1.3223 or applicant's errors correctable under the provisions of 1.323. If you obtain data that clearly shows the attorney/applicant is not in error, simply include supportive provisions of 1.323. If you obtain data that clearly shows the attorney/applicant is not in error and verifies that the PTO is fax. If you do not have supportive documentation that clearly shows the attorney/applicant is not in error and verifies that the PTO is in error regarding the matter in your request - then, the appropriate fee of \$100.00 with your "Certificate of Correction" or in error regarding the matter in your request - then, the appropriate fee of \$100.00 with your may be necessary, or the request may be your request, it is possible - that in addition, a petition with its appropriate fee of \$130.00 may be necessary, or the request may be denied. Please be advised that — "identification of the exact point of error by reference to column and line number of the printed patent" provides clarity for processing a request. Please see the MPEP for further instruction and understanding
